January 1996

Dear Customer:

Responding to our many customers' requests, NTIS will be offering FBIS publications electronically. Due to resource limitations, hardcopy production of FBIS publications will be phased out during 1996. We will notify our customers well in advance of the expiration date for each of our publications. Please see below regarding electronic access to products.

Our goal is to cease publication of all reports by 31 December 1996, except for S&T PERSPECTIVES, S&T CENTRAL EURASIA, S&T CHINA, S&T KOREA, S&T EUROPE, and S&T JAPAN. The S&T reports will continue to be published as hardcopy until the graphics they contain can be disseminated on-line.

FBIS products are offered electronically through the National Technical Information Service's (NTIS) "World News Connection" (WNC). This is a new on-line subscription service accessible through the World Wide Web. The Web address is http://wnc.fedworld.gov. Please see next page for a subscription form or call NTIS Fax Direct at 703-487-4140 and enter product code 8645 to receive more information.

Dear Customers: January 1996

Responding to your many requests for electronic access to FBIS products, we are proceeding with plans to make our products available online. From January to April 1996, we will introduce FBIS translations, transcriptions, analysis, observations, and other products and services to U.S. Government customers via restricted-access electronic systems, including Intelink and Internet/OSIS.

Due to resource limitations, this move to provide online service to our customers will require us to phase out the publication of paper reports. The first paper reports to be discontinued are the TRENDS and the WORLDWIDE REPORT: ARMS CONTROL/PROLIFERATION ISSUES. **THE PUBLICATION OF TRENDS WILL CEASE ON 1 FEBRUARY 1996, AND THE PRODUCTION OF THE ARMS CONTROL/PROLIFERATION ISSUES REPORT WILL END ON 1 APRIL 1996.** The schedule for phasing out publication of the other hardcopy reports is being developed. We will provide you the specific dates in future customer notices published in the hardcopy reports. **OUR GOAL IS TO CEASE PUBLICATION OF ALL HARDCOPY FBIS REPORTS BY 31 DECEMBER 1996, EXCEPT FOR S&T PERSPECTIVES, S&T CENTRAL EURASIA, S&T CHINA, S&T KOREA, S&T EUROPE, and S&T JAPAN.** The S&T reports will continue to be published until the graphics they contain can be disseminated online.

Aware that our customers use a number of different electronic systems, we offer FBIS products in a variety of formats and services, including the following:

The FBIS Quarterly CD-ROM, which contains the information currently available in FBIS published products;

On OSIS, a restricted-access system providing open source information from a variety of agencies, including FBIS, for Internet users who have access to an OSIS node;

On INTELINK, a restricted-access system providing information from a variety of agencies, including FBIS, for those who have access to INTELINK terminals.

FBIS ONLINE (available April 1996 via the World Wide Web), a userid-password restricted system providing FBIS products in a searchable and profileable form to a limited number of U.S. Government customers. For more information about this service, contact FBIS Customer Service.

In addition to the systems listed above, the FBIS product is available electronically in a number of U.S. Government agencies via internal electronic dissemination systems specific to those agencies. Your agency's system administrator can tell you whether FBIS products are available on such a system.

For customers who cannot access FBIS products via the online services noted above, the National Technical Information Service (NTIS) distributes to the public, for a fee, a subset of FBIS products electronically through its World News Connection™ (WNC). This is a new online subscription service accessible through the World Wide Web. The Web address is HTTP://wnc.fedworld.gov. For more information call NTIS Fax Direct at (703) 487-4140 and enter product code 8645. For your convenience, we have published a subscription form for WNC in the following pages.

IN ORDER TO SERVE YOU BETTER, WE WOULD LIKE TO KNOW WHICH METHOD YOU WILL USE TO ACCESS FBIS PRODUCTS AND SERVICES ELECTRONICALLY. PLEASE FILL OUT THE SURVEY ON THE FOLLOWING PAGE AND RETURN IT TO FBIS.

To order a subscription to FBIS' Quarterly CD-ROM, or for more information about accessing FBIS products online, contact FBIS at:

FBIS Customer Service
P.O.Box 2604
Washington, D.C. 20013

FAX: (703) 733-6042
